### Bedbug Prevention Preparation

#### Preparation Procedures

Remove things around baseboards (boxes, shoes, toys, clothes) not furniture.

Remove bed sheets from all beds for inspection.

All person and animals must remain out for 5 to 6 hours after the treatment. If there is a pregnancy, a child under the age of 2 or respiratory problem or allergic sensitivities, we recommend 24 hours

**Recommendation** Anyone who had a bedbug problem in the past should purchase a "Bedbug cover" to protect their mattress.
